

# The TR Aid PROGRAM

## What is TR Aid?

Technology-Related Assistance for Individuals with Disabilities – or TR Aid – is a federally funded program administered by the New York State Justice Center.

TR Aid's goal is to promote greater independence in the lives of people with disabilities of all ages by using Assistive Technology (AT) to improve their everyday functional abilities in education, employment and community living. TR Aid can also improve their access to information technology and telecommunications.

## What is Assistive Technology?

An assistive technology (AT) device is any item, product or piece of equipment that can be used to increase, maintain or improve the functional capabilities of individuals with disabilities. It can be as simple and low-tech as a modified toothbrush handle to something as complex and high-tech as a voice-activated computer system and software.

## What can TR Aid do for me?

- Assistive Technology Loans
- Device Demonstrations
- Training on Assistive Technologies
- Early Intervention AT Loan Library
- Information & Referral Services

## Who can use TR Aid services?

- Individuals with Disabilities
- Family Members
- Disability Service Providers
- Educators
- Employers
- Others Interested in Assistive Technology

Regional TR Aid centers are located throughout New York to help with your AT needs. For more information, contact your nearest TR Aid center on reverse side or call the NYS Justice Center Information and Referral Line at 1-800-624-4143.

# Regional TRAIID Centers

## **Nassau/Suffolk TRAIID Centers**

Long Island Communities of Practice
